

Dear [Legislator's Name],

I am a resident of West Virginia and a strong supporter of property rights. I respectfully urge you to support a constitutional amendment that exempts fully paid, owner-occupied homes from perpetual property taxation.

No West Virginian should risk losing their home after paying off their mortgage due to recurring taxes. This system undermines true ownership and the spirit of freedom.

Please sponsor or support legislation to protect homesteads from ad valorem taxation. A growing number of your constituents are supporting this effort.

Sincerely,

[Your Full Name]
